HEALTH FACILITIES

Tarkeshwar Narain Agrawal College of Education (TNACE), Harigaon, Ara, gives due importance to the health, safety and well-being of its students, teaching staff and non-teaching staff. The institution promotes a healthy and safe campus environment and encourages students to adopt healthy lifestyle practices.

The college takes appropriate measures to provide basic health support and to facilitate medical assistance whenever required. Health awareness, hygiene, sanitation and preventive healthcare are considered important components of student welfare.

Major Health Facilities and Initiatives

1. First-Aid Facility

The institution maintains basic first-aid arrangements to provide immediate assistance in case of minor injuries, illness or emergencies occurring on the campus.

2. Medical Facility

Qualified doctors are available on the college campus to provide medical consultation and basic healthcare support to students, teaching and non-teaching staff. The facility ensures timely medical assistance in case of illness, minor health concerns and emergencies, contributing to a safe, healthy and supportive campus environment.

3. Health Check-up and Awareness Programmes

The institution may organize health check-up and health-awareness programmes from time to time to promote preventive healthcare and awareness among students and staff.

4. Health and Hygiene Awareness

The college promotes awareness regarding personal hygiene, cleanliness, sanitation, safe drinking water and healthy habits. Students are encouraged to maintain cleanliness and follow healthy practices within the campus.

5. Safe Drinking Water

Provision of safe and hygienic drinking water is an important component of the campus health and welfare facilities. Students and staff are encouraged to maintain proper hydration and healthy drinking-water practices.

6. Clean and Hygienic Campus

The institution emphasizes cleanliness and sanitation across classrooms, offices, common areas and other campus facilities. Regular cleanliness practices are encouraged to maintain a healthy learning environment.

7. Emergency Support

In case of any medical emergency, necessary assistance is provided to the concerned student or staff member, and appropriate medical services are contacted or accessed as required.

8. Health, Fitness and Wellness

The institution encourages students to participate in sports, yoga, physical exercise and other wellness activities. These activities contribute to physical fitness, stress management and overall well-being.

Objectives of Health Facilities

The health and wellness initiatives of the institution aim to:

- Promote the physical and mental well-being of students and staff.
- Provide basic first-aid and emergency support.
- Create awareness about preventive healthcare and healthy lifestyles.
- Promote personal hygiene, sanitation and cleanliness.
- Encourage regular physical activity and wellness practices.
- Provide appropriate guidance and support during health emergencies.
- Maintain a safe, clean and healthy campus environment.

Health and Safety Commitment

TNACE is committed to creating a safe, healthy, hygienic and student-friendly campus environment. The institution continuously encourages students and staff to adopt healthy habits and participate in activities that contribute to their overall well-being.

Through health awareness, hygiene practices, sports, yoga, physical fitness and appropriate medical support, the institution strives to ensure that the health and welfare of its students remain an important part of the educational experience.
